

Divo terra mains voltage halogen

Floor luminaire - modular system consisting of body and head

Thanks to its unique modularity the Occhio head-body system delivers impressive lighting solutions for your room. For different lighting effects diverse, turnable reflector heads are available, which can be easily substituted at any time thanks to a simple plug-in mechanism. The diverse wall and ceiling boxes allow for all recessed and surface mounting options.

Floor luminaire Occhio Divo terra consisting of

- body Occhio terra - different length and surfaces
- head Occhio Divo - different lighting effects and surfaces

material

aluminium, brass, steel, glass

surface

head: chrome, matt chrome
body: chrome, matt chrome
base: chrome, matt chrome, black or white high gloss surface (bianco, nero), matt black surface

length / travel

180 cm / 15°, base optional 360° rotatable

recommended lighting effect

B, C, E siehe S.2 Datenblatt

light source

mains voltage halogen, operating voltage 230 V
2 x 60 / 70 W, B15d Eco, energy efficiency grade D,
lifetime 2.000 h

luminous flux (bulb)

60 W / 980 lm, 70 W / 1180 lm

color temperature / color rendering

3000 K / CRI 100

weight

body, reflector head and base max. 12,6 kg

Occhio controller

double rocker switch

Divo terra recommended lighting effect

Divo B
reflector head for light with wide radiation to one side

with satinised glass, the light output varies compared to the illustrations shown

efficiency of reflector head

clear glass 69%
satinised glass 66%

material / surface

clear or satinised, heat-resistant glass
reflector aluminium
fixture matt chrome or chrome

Divo C
reflector head for light with narrow radiation to one side

with satinised glass, the light output varies compared to the illustrations shown

efficiency of reflector head

clear glass 54%
satinised glass 52%

material / surface

clear or satinised, heat-resistant glass
reflector aluminium
fixture matt chrome or chrome

Divo E
reflector head for light with wide radiation to one and narrow radiation to the other side

with satinised glass the light output varies compared to the illustrations shown

efficiency of reflector head

clear glass 79%
satinised glass 77%

material / surface

clear or satinised, heat-resistant glass
reflector aluminium
fixture matt chrome or chrome
