

Divo verticale mains voltage halogen

Ceiling luminaire - modular system consisting of body and head

Thanks to its unique modularity the Occhio head-body system delivers impressive lighting solutions for your room. For different lighting effects diverse, turnable reflector heads are available, which can be easily substituted at any time thanks to a simple plug-in mechanism. The diverse wall and ceiling boxes allow for all recessed and surface mounting options.

Ceiling luminaire Occhio Divo verticale consisting of

- body Occhio verticale - different length and surfaces
- head Occhio Divo - different lighting effects and surfaces
- Occhio accessories - different mounting options and surfaces

Divo verticale parete E

Divo verticale parete E

material

aluminium, brass, steel, glass

surface

head: chrome, matt chrome
body: chrome, matt chrome

length

20 cm, 30 cm, 40 cm, 60 cm
length including reflector head

recommended lighting effect

A, B, C, D, E, Fw see p.2 and p.3 cutsheet

light source

mains voltage halogen, operating voltage 230 V
60 / 70 W, B15d Eco,
energy efficiency grade D, lifetime 2.000 h

luminous flux (bulb)

60 W / 980 lm, 70 W / 1180 lm

color temperature / color rendering

2900 K / CRI 100

weight

body and reflector head max. 0,9 kg

mounting accessories

for surface or recessed mounting, see p.5 cutsheet

Divo verticale recommended lighting effect

Divo A

Reflector head for light with open lamp and radial distribution

with satinised glass, the light output varies compared to the illustrations shown

efficiency of reflector head

clear glass 96%
satinised glass 93%

surface / material

clear or satinised, heat-resistant glass
reflector aluminium
fixture matt chrome or chrome

Divo B

reflector head for light with wide radiation to one side

with satinised glass, the light output varies compared to the illustrations shown

efficiency of reflector head

clear glass 69%
satinised glass 66%

surface / material

clear or satinised, heat-resistant glass
reflector aluminium
fixture matt chrome or chrome

Divo C

reflector head for light with narrow radiation to one side

with satinised glass, the light output varies compared to the illustrations shown

efficiency of reflector head

clear glass 54%
satinised glass 52%

surface / material

clear or satinised, heat-resistant glass
reflector aluminium
fixture matt chrome or chrome

Divo D

reflector head for light with narrow radiation to both sides

with satinised glass, the light output varies compared to the illustrations shown

efficiency of reflector head

clear glass 77%
satinised glass 73%

surface / material

clear or satinised, heat-resistant glass
reflector aluminium
fixture matt chrome or chrome

Divo verticale recommended lighting effect

Divo E

reflector head for light with wide radiation to one and narrow radiation to the other side

with satinised glass the light output varies compared to the illustrations shown

efficiency of reflector head

clear glass 79%
satinised glass 77%

surface / material

clear or satinised, heat-resistant glass
reflector aluminium
fixture matt chrome or chrome

Divo Fw

reflector head for light with wide radiation to the rear side

with satinised glass, the light output varies compared to the illustrations shown

efficiency of reflector head

clear glass 63%
satinised glass 61%

surface / material

clear or satinised, heat-resistant glass
reflector aluminium
fixture matt chrome or chrome
