Occhio

ONE

Hello Remote.

Occhio air controller – control individual luminaires or recall composed lighting scenes with a single click.

Hello Voice.

Occhio gateway – full integration into Apple Home, Amazon Alexa and Google Home including voice control and remote access.

Hello Smart Home.

Occhio PRO gateway – seamless integration into smart home systems with KNX.

Your mood.
Your light.
Your joy.

The new Occhio app – the pleasure is all yours

Control your Occhio luminaires easily and intuitively – thanks to personalized widgets, an all-new »magic wheel«, the visualisation of the luminaires and the change of light.

Your light – perfectly orchestrated

Organize your luminaires individually in groups, clouds and scenes for each room or situation – to create a stunning lighting experience.

Discover more

Your atmosphere – at your fingertips

With your personal scenes you instantly change the lighting atmosphere. If you like it cool and focused or warm and relaxing, bright or cosy – the light follows your mood.
